

# Miami-Dade County Vaccination Sites

## 2011-2012

Parents should ask their child's physician if vaccines are up-to-date. For children without a pediatrician or family doctor, The Children's Trust is making this list of vaccination sites available so every child has access to the vaccines they need to stay healthy.

This information is provided to the community through a partnership among Miami-Dade County Public Schools, the Miami-Dade County Health Department and The Children's Trust. For questions regarding the vaccines, vaccine schedules, and site hours, please contact the site directly.
