

Communication with the Public

PUBLICATIONS, RADIO AND TELEVISION

The Board invites and welcomes the active interest and participation of newspapers, magazines, radio and television and other mass media of communication in promoting the cause of good education in our county and elsewhere.

Newscasts, spot announcements, and programs dealing with the schools, as well as coverage of school sports and other school activities, must be presented in the public interest. Appearance of any student on radio or television programs is not to be construed as endorsement by that student, the school or the school system of any commercial product or political enterprise.
