

## **Administrative Operations**

### **EXECUTIVE COUNCIL**

The Superintendent of Schools is authorized to establish an Executive Council to make recommendations or decisions having system wide import as they pertain to school operations, business services, instructional planning and support services, personnel and related matters.

Annually, the Superintendent of Schools shall review the membership of the Executive Council to make whatever additions or deletions necessary to assure maximum and open communication.

As plans for the various aspects of school operations are made, it is expected that other staff members will be asked to join the group as may be necessary.

The Superintendent of Schools will establish the schedule of meetings annually.
