

**Income****OUTSIDE VENDORS--SELLING****Sale of Merchandise In Public Rights-of-Way Near Schools**

It is unlawful for any person to sell, serve, vend or otherwise dispose of any goods, wares, or merchandise, including any food or beverages, in the public rights-of-way within five hundred (500) feet of any property, used, owned or operated by Miami-Dade County Public Schools, including streets, sidewalks or other public property, unless done so within a secure vending area outside the perimeter of the school property established and controlled by the senior high school principal.

A "secure vending area" is an area designated by movable barriers of sufficient size to accommodate a parked vehicle and student customers in numbers reasonably anticipated by the principal.

This area must be supervised by the principal or principal's designee and the specific designation must be made in writing and filed in the school and at the local police station.

A copy of the plan providing the method of supervision and the specific location is to be sent to the Senior Executive Director of the Department of Food and Nutrition.
