

Progress**GRADUATION**

In keeping with State Board of Education Rules, the School Board directs the Superintendent of Schools to establish minimum requirements for senior high school graduation, providing also the guidelines for alternate programs which may lead to the earning of a high school diploma or certificate of completion.

Graduation from Miami-Dade County Public Schools indicates that students have satisfactorily completed all requirements of law and standards for high school graduation as prescribed by the State and School Board.

The faculty will establish its detailed requirements for the school's instructional program to agree with the standards for graduation incorporated in the **Pupil Progression Plan** as adopted by the Board. It is expected that the faculty will apply measures of achievement to provide evidence that each student has met all requirements to warrant graduation.

At appropriate times during the school year the staff will arrange for awards and recognition programs and graduation exercises. There will be no formal graduation exercises for elementary and middle schools.
