

Activities**DADE-MONROE TEACHER EDUCATION CENTER COUNCIL: POLICIES AND PROCEDURES**

The Board recognizes that the improvement of schooling through inservice education is best achieved through the active participation of educational practitioners in initiating, planning, conducting and evaluating programs. The primary objective of inservice education for instructional personnel is to integrate subject matter knowledge and pedagogy into school and classroom practices which enhance the school experiences of students.

The purpose of the Dade-Monroe Teacher Education Center is to improve the effectiveness of teachers in the instruction of students by:

1. Facilitating inservice teacher education programs for instructional personnel by responding to state, national and district policies and program priorities.
2. Providing opportunities for district educators to interact with faculty and staff of the colleges and universities in order to enhance the preservice and continuing education of instructional personnel.
3. Providing a vehicle for research studies.

The purpose is to be accomplished by:

1. Bringing together the technical and human resources which are supportive of a system for effective teacher inservice education.
2. Involving the school system, teacher education institutions and the community in a consortium concept toward the improvement of teacher inservice education.
3. Providing opportunities for change in teacher inservice education through experimentation, innovation and research.
