

Activities**STAFF DEVELOPMENT PROGRAMS**

The School Board recognizes the need to provide a comprehensive staff development program for the personnel of Miami-Dade County Public Schools. The Board considers staff development as the educational support service designed to improve and review the competencies of personnel in the school system so that personnel may demonstrate the knowledge, skills, and attitudes necessary for effective performance of their assigned duties or duties to be assigned.

The Master Plan for Inservice Education is prepared according to state specifications. It is the district plan that provides personnel in this school system with the criteria for planning, implementing and evaluating staff development programs.
